## ***Consumers Digest* Recognizes ProVia with "Best Buy" Entry Door and Storm Door**

SUGARCREEK, OH (July 15, 2011) – In the August issue of *Consumers Digest* magazine ProVia's Legacy 20-gauge steel entry door series has been recognized as the "Best Buy" in the premium steel door category. In the same issue, ProVia's Superview storm door series has been recognized as the "Best Buy" in the midrange storm door category.

ProVia's Legacy steel door is constructed of heavy 20-gauge steel skins, and is assembled using mechanically interlocking tabs and slots for long-term structural strength. Each door is custom-built to the customer's exact specifications of size, style and color. All Legacy entry doors can be ordered in any width and height in 1/8" increments. The Legacy steel door skins come in smooth or woodgrain textured, and are factory finished in 16 paint or 7 hand-applied stain colors. Both Legacy steel doors and ProVia's Signet fiberglass doors are built to professional-class standards of beauty, durability, security and energy efficiency.

ProVia's Superview series offers a selection of storm doors that are constructed for style and value in one complete package. Available with a variety of glass and screen configurations, these storm doors are reinforced with corrosion proof corner gussets for structural integrity. Superview is one of five storm door series produced by ProVia, with Superview being the base series.

ProVia is a leading manufacturer of professional-class doors, storm doors and patio doors. The company also manufactures the Aerie brand of windows, Heartland Siding and Heritage Stone. Based in Sugarcreek, Ohio, ProVia has been an ENERGY STAR® Partner with the U.S. Department of Energy and the Environmental Protection Agency since 2002, and has been recognized for 5 consecutive years with the prestigious ENERGY STAR Sustained Excellence award for Door Manufacturing.
